

DISPATCH NO. 11-2225

11-2225-2

TO: CHIEF, (C)

DATE: 11 January 1951

FROM: Chief of Base, Frankfurt

INFO: 11 303

SUBJECT: AEROOT 7 (AEROOT 7) (AEROOT 7) (AEROOT 7)

REMARKS: Continued Employment of AEROOT 7

ACTION REQUEST: Comment on Proposals

1. AEROOT 7, who has been employed by us on a part-time basis, has been offered an immigration visa to the United States for himself and his daughter. He is required to take use of the visa before 27 April 1951.

2. With his imminent immigration to the United States of AMERICAN 1, we will have considerable lacking someone to perform the multifarious support function which is being carried out for him for all the Baltic projects. Consequently, we would like to continue employment of AEROOT 7, after a stay by him of a couple of months in the United States, as a support agent for the Baltic projects, in addition to his other principal-type agent for AEROOT.

3. Although AEROOT 7 has not been an outstanding agent during the period of his employment with us, he has been adequate. Since he is a willing and hard worker and possesses the potential to do much better with added experience and some training, it is believed it would be worthwhile to return him to Germany for the purposes stated above.

4. It is requested, therefore, that Headquarters establish contact with AEROOT 7 upon his arrival in the United States and make arrangements for his return to Germany as a D.C. Although the D.C. cover is, of course, to obtain subject's entry into Germany, it is not our intention to grant subject any of the privileges (e.g., passport, etc.) that normally accrue to a D.C. In addition, we would like to hold subject's salary to its present modest, European level.

5. It is further requested that some training be given AEROOT 7 during his stay in the United States. The following training would be beneficial to subject in carrying out his duties above:

a. Report writing (including instructions on composition, in which AEROOT 7 is very weak).

b. Offensive and defensive surveillance.
